Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to *insist* upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, ofttimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say *for yourself* by sending a postal card request for a *free* booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

CHINA AND UNITED STATES.

The comment of the Chinese press, officials and people on the visit to Shanghai of War Secretary Taft is most enthusiastic. The reports published in the newspapers of that city on the subject have been telegraphed to all parts of China. The general feeling of the Chinese on the utterances of Mr. Taft may be summarized as follows:

"The United States will not sell the Philippine Islands, an assurance which is welcomed, as it means that there will be no extension of Japanese influence and a continuance of American influence in the Far East.

"The Chinese desire to interpret Mr. Taft's statement reiterating that the United States favors the open-door policy in China as being unofficial, but at the same time made on high authority and indicating that the United States will support it in China and maintain the policy in Manchuria, the only place where the open door is threatened.

"Mr. Taft's indorsement of the United States court for China, over which Judge Wilfley presides, is looked upon as meaning a continuance of the new era of justice and as demonstrating that the United States is really interested in China.

"The enthusiastic welcome accorded to Mr. Taft here atones for the boycott of American goods and demonstrates China's friendship for America.

"The assurances given in regard to fair treatment of the emigration question are accepted in good faith.

"China trusts in the United States and believes in her as a true friend."

Although the visit of Mr. Taft to China is unofficial, it is regarded as being epoch-making and as assuring the return of confidence on the part of China in the United States, which was disturbed by the boycott, and as re-establishing the pre-eminent influence in the empire of America established by the late Secretary Hay. The Chinese consider the United States to be the only power not wanting to annex a portion of the territory of China and as being disinterestedly concerned in China's welfare. It is regarded as assured that the utterances of Mr. Taft will give American business men in China renewed confidence to push the lines of trade in which the United States is interested.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by all druggists. 50c.

MADINE TO BE EXTRADITED.

At a conference in Pittsburg, Pa., yesterday afternoon, detectives and friends of Mrs. Mary Scott Hartje, when the latest phase of the divorce case was discussed, it was decided to make preparations at once for extraditing Tom Madine, the coachman corespondent, from Ireland. These steps will be taken just as soon as Madine's alleged confession is spread on the court records by Augustus Hartje's attorneys. He will be charged with perjury.

John M. Freeman, leading attorney for Mrs. Hartje, gave out a statement in effect that Mrs. Hartje's side would prove that the more recent letters alleged to have been written by Mrs. Hartje from Paris and London to Madine are forgeries, as other letters in the care were declared to be.

Augustus Hartje, the libellant in the divorce suit, wept yesterday afternoon. He expressed the most tearful regret that the names of Mrs. Hartje's two sisters had been brought into the case.

"I did not want to bring the names of those little Scott girls into this case," said Mr. Hartje, after a long conference with Scott Ferguson, his leading attorney. "It is a sin. It isn't right that this should be done."

"Who brought the names of the girls into the case but yourself," he was asked.

"Mr. Ferguson got these letters from Lappe," said Mr. Hartje in reply. "He introduced them. He knows I want my divorce and will have it."

Detective James O'Neill, detective for Hartje, who accompanied Tom Madine to Canada, declared that Madine received $20,000 from Hartje for making his confession, and that the money was paid to him in gold in Canada.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotton rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by Gibson & Timberman and W. F. Creighton & Co.

TERRIBLE PROPHECY.

Fire, flood or earthquake will destroy the Jamestown Exposition November 25 predicts Joseph E Dickerson, the negro editor of the Norfolk News and Advertiser. Dickerson declares that the devastation will begin at the Exposition site and will continue southward to Norfolk, where it will partially wreck the town and "destroy all sinners, liars, hypocrities, backbiters and backsliders." Those who do not come in this category, he says, will be spared for the building of a new city, which will arise. The prophet declares that he will not leave Norfolk on account of the coming destruction. Hundreds of other negroes have become alarmed and declare that they will leave. Dickerson states that he has received from God 250 messages on the subject.

Barclay-Harriman Marriage.

New York, Oct. 10.—J. Searl Barclay, jr., and his bride, formerly Mrs. Isabelle Hunnewell Harriman, went to Wellesley, Mass., today for a fortnight's visit at the Hunnewell country place. Barclay and Mrs. Harriman were married last night here. Only the couple's closest friends knew it was contemplated. Barclay is rich and a well known clubman. The bride is a daughter of Arthur Hunnewell, of Boston. She was divorced two years ago. Her first husband is a brother of Mrs. W. K. Vanderbilt, jr., and Mrs. Frederick O. Havemeyer and a cousin of Edward H. Harriman.

[Editorial in Hartford, Conn., Daily Courant]

Collector P. Davis Oakley has voluntarily withdrawn the personal bond of $25,000, given for the proper performance of his duties, and has substituted the bond of a fidelity company for the same amount. This commendable action deserves a passing comment. Mr. Oakley found no difficulty whatever in getting bondsmen, but, whoever his bondsmen might be, there could be no denying that they had put the collector under a direct personal obligation to them. It is far more independent and self respecting, to go down into your own pocket for the premium and pay a corporation, chartered for the purpose, for giving its bond for you. This cost him some money, but with that he buys complete personal independence and sets an example that should be widely followed. It is the way to do business; and it is no reflection upon willing friends to go instead to a company. On the contrary, it is doing them a favor.

THURSDAY EVENING, OCT. 10, 1907

THE Countess of Warwick, formerly Miss Brooke, who will leave New York in a few days to be the guest of Jefferson M. Levy, at Monticello, and who for years has been known in the social worlds of two continents as "Babbling Brooke," said to have been applied to her by the Prince of Wales, because of her alleged chattering about the great card-cheating episode of Tranby Croft, which involved the Prince, now King Edward, declares that it was not she who made public the scandal which forced several men of social consequence into the British courts and shook the Court Circle of Great Britain to its very center. Lady Warwick again risks criticism of her babbling proclivity and takes occasion to sidetrack further gossip about her alleged connection with the baccarat scandal by saying that the story of that alleged crooked game of cards at the Wilton country seat, near London, was told by her enemies, who knew that they did not dare to put it into the English papers, and so used the American papers to injure her. The Peeress says that not only has she never been inside Tranby Croft, but also that she never played cards in her life and does not know one playing card from another.

THE United States government is after Richmond saloonkeepers who make a practice of selling cheap brands of whisky from bottles which orginally contained superior grades of liquor. An agent of the secret service yesterday accused four Richmond barkeepers of palming off cheap whisky on their customers. As a result, the federal grand jury now sitting in that city, before whom the secret service man appeared, indicted the saloon men. The specific charge in the indictment is "refilling bottles in bond with out removing the revenue stamp." This will cause consternation not only among saloonkeepers but among private citizens who are wont to palm off on their friends common whisky for something "very fine."

TRIAL marriage among the Eskimos of Alaska and in the region of the Mackenzie river is a complete success, and the life and morals of these people excel those of any civilized country, in the opinion of V. Stefansson, ethnologist of the Leffingwell-Miggelson polar expedition, who has just returned to Washington from the far north. The ethnologist asserts that savages far away from Christianity and civilization live an ideal existence. But Mr. Stefansson's assertions at once bring into question his own morality and Christianity.

THE paid admissions to the first world's championship baseball game at Chicago on Tuesday numbered 24,777. The receipts of the game were $29,162-.50, of this amount the players will get $15,747.75; the two clubs will divide $10,498 50, and the National Commission will get $2,916.25. It is estimated that ten thousand people saw the game from the surrounding roofs. Is there any further proof necessary that insanity is on the increase.

TWO Wall Street men were recently discussing President Roosevelt's tone and speeches. "I tell you Roosevelt will break the Solid South," said one emphatically. "Why shouldn't he? He's broke the Solid North against the republicans," retorted the other. It is a poor rule that will not work both ways.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Oct. 10.

A petition to Congress to confer upon the Interstate Commerce Commission the authority to make and enforce the observance of a uniform freight classification was decided upon at the meeting of the national association of railway commissioners today. A resolution adopted by the convention asks "that Congress enact a law requiring the Interstate Commerce Commission to at once proceed to make such uniform classification, and when made by such commission, the same shall be the legal classification for interstate shipments." It was also recommended that a special committee be appointed to urge upon Congress the necessity for the proposed enlargement of the commission's powers.

The most absorbing question in connection with the meeting is whether any one of the delegates will develop courage to openly attack President Roosevelt's idea regarding centralization of Federal authority. Several reports have brought the presidential plan to the verge of discussion, and the convention has sat up to hear the crash, but up to today no one has even mentioned the President by name. Timid allusions have been made to the impossibility of entire federal control, and indirect references have been made to the President as "an important source of public opinion" or "one quite prominent in public affairs." It is expected that there will be a chance for open discussion of the President's policies later today, when the committee on rates and rate-making submits its report.

With the hope of yet saving the historical "Crittenden Peace Tree" and the "Beck Elm," in compliance with protests of numerous citizens of Washington, members of historical societies and an injunction of the District Court against the trees being cut down to make room for the Grant monument, which is to be erected in the Botannical Gardens, Gen. Oliver, Acting Secretary of War, has written to Gen Grant le M. Dodge, the only member of the monument commission now in the country, to come to Washington for a conference to settle the controversy. A telegram from Speaker Cannon on the subject says: "If you have power I suggest that you have work on construction of foundation of Grant Monument suspended until President's return to Washington. If the Executive is without power in the premises I suggest that you advise the Commission to suspend work until the matter can be submitted to Congress for its consideration."

Assistant Secretary of the Treasury Edwards has gone to New York to confer with Secretary Cortelyou relative to what action the government will take to safeguard its claim of $900,000 against the Jamestown Exposition Company. Any response to the request of Wall street financiers for further deposits of public moneys must come from the secretary, it is stated.

Emperor Francis Joseph, who has been ill of bronchial catarrh since the beginning of this month, is still confined to his apartments at Schoenbrunn Castle, on the outskirts of Vienna, and his condition was pronounced yesterday by the attending physicians to be unsatisfactory. In view of the advanced age of the Emperor-King—he was born in 1830 and has been on the throne for 59 years—there is considerable uneasiness regarding his health.

Mrs. Charles J. Romadke, wife of a Milwaukee millionaire, was arrested in Chicago yesterday in connection with the theft of diamonds, and, according to the police, confessed that she had robbed several homes in Chicago, stealing diamonds valued at thousands of dollars. One robbery in Milwaukee she acknowledged as her work. Following robberies of the homes of the wealthy, Mrs. Romadke said she turned the property over to a negro named Jones, now a prisoner.

A dispatch from Oran, Algeria, says a French reconnoitering column, consisting of two companies of sharpshooters and a squadron of Spahis and Algerian cavalry combined, was ambushed Tuesday at Guerbol Hill, about nine miles from Oudja, Morocco, by warriors of the Beni Snassen tribe, under the command of Mohammed Sazah. The attack of the Moors was repulsed, but the French troops lost two Spahis killed and two sharpshooters wounded. In addition, a score of horses belonging to the French cavalrymen were killed.

These democrats are disgrunted over the way the primary was conducted.

LUSITANIA BREAKING RECORDS

At noon yesterday the Lusitania, now on her way from Liverpool to New York, had made 617 nautical miles since noon Tuesday, averaging 24.76 knots per hour. For six hours during this run a fog prevailed, with a fresh southwest wind. The run of 617 miles beats the Lusitania's world's record of 608 miles, made between noon on Monday and noon Tuesday. The average on the Monday run speed was 24.32 knots for the first 12 hours, with a beam swell and light airs prevailing. For the second 12 hours a fresh northwest wind was encountered, with a beam sea. The length of the nautical day was 25 hours 23 seconds. At 9 o'clock last night the Lusitania was going at a rate of 25 knots an hour.

The Lusitania up to 9 o'clock Tuesday night had apparently covered a distance of about 1,470 miles from Queenstown. She still had about 1,312 miles more to cover the distance to Sandy Hook lightship. If the Lusitania maintains an averige speed of 25 knots from that time on she will reach the lightship at about 1:30 a. m. tomorrow. This would make the time of her passage about four days and 20 hours, at an average speed for the entire voyage of about 24 knots.

THE EPISCOPAL CONVENTION.

A resolution offered by Bishop Doane, of Albany, N. Y., before the House of Bishops of the General Episcopal Convention in Richmond yesterday, the purpose of which was to deny the ceremony of marriage to any persons having living husbands or wives, having been divorced from them, was rejected by the house after a lengthy discussion in which many of the more prominent members joined.

The rejection of the resolution followed the report of a special committee on marriage and divorce, appointed to render an opinion on this matter. The committee recommended that the resolution be rejected, and this recommendation was acted upon.

The Bishop of Albany was the author of the resolution adopted at the Boston convention in 1904, which limited the re-marriage of divorced persons to the innocent party. Bishop Doane announced some weeks ago that he would propose a more stringent canon on this subject at this convention. The Boston canon strengthened considerably the position of the church on the question, the present law requiring that a minister shall secure the sanction of his bishop before performing the marriage ceremony for any divorced person. The convention, by the vote of the bishops, yesterday seems to imply that this canon is sufficiently prohibitive.

Bishop Doane and his adherents maintain that the divorce evil is now a national question. They hold that the present state of society in the United States presents to the church a crisis which can be faced only by the most heroic measures. Bishop Doane is of the opinion that the remarriage of divorced persons in any event is an evil.

The House of Bishops discussed at length the question of whether or not it would be advisable to create an office for the unction of the sick. It was finally agreed that a committee, consisting of three bishops, three clergymen and three delegates, be appointed to consider the matter. The question was opposed after its introduction. The bishops of South Dakota, Southern Florida and Minnesota were appointed as the representatives from the House of Bishops.

A memorial from the church in Canada in reference to the efficiency of the diaconate was referred to a special committee, with instructions to look into the increased efficiency of the diaconate, not only in Canada, but also in the United States. The bishops of Pittsburg, Michigan city and Louisiana were appointed on this committee.

The report of the committee on dispatch of business in the House of Deputies presented a resolution fixing the time for final adjournment of the house for Saturday October 19, at 1 o'clock, and the final proceedings and reading of pastoral letters for 3 o'clock on the same day. The resolution was adopted.

The committee on canons introduced the following resolution, which was adopted.

"Resolved, That candidates for holy orders who have been rejected shall not be ordained until readmitted to candidateship, and then for one year, the whole period of candidateship to be three years."

Rev. Dr. Shaylor, of Chicago, spoke in favor of the resolution introduced Tuesday in reference to the preamble substituting "Word of God" for "record of God as revealed in His Son," the former being more comprehensive. Following Dr. Shaylor, the house was thrown open to debate on the question of the amendment to the preamble, Deputy McConnell, of Louisiana, moving to prefix the word "inspired" before "Word of God" in the preamble. Dr. Thomas Nelson Page, opposed the adoption of the committee's report, deprecating the suggested teaching of the preamble which would lead the casual thinker afield as regards the old teachings.

The tendency of the resolution is to create a very basic change in the doctrine of the church, said Dr. Page, and it should not be adopted without forethought and careful consideration. "I do not desire the change to 'God's revelation in His Son' from the 'Word of God,' as such action will be misconstrued by the public and it will be said that we have changed our creed."

The question was called and the amendment to the amendment was lost. The original amendment was then taken up and adopted.

The house, in the afternoon, discussed at length a series of resolutions introduced by the Arkansas delegation, recommending that bishops be appointed to preside over the African race. The introduction of the negro question created quite a sensation, a decision not having been reached when the convention adjourned at 5 o'clock.

The Arkansas delegation recommended that the bishops appointed to preside over the negroes be not allowed seats in the general convention, nor the bishops through whom the appointments were made.

A further resolution will be introduced, suggesting that the African bishops, lay and clerical delegates have a convention of their own, irrespective of the general convention.

Bags of gold, packages of coin wrapped in gay colors and two checks of $100,000 each were contained in the offering which was laid on the table at Holy Trinity Church yesterday morning on the occasion of the presentation of the men's thank offering, which offering was counted in the city auditorium before a large audience last night. J. Pierpoint Morgan, of New York, and G. C. Thomas, of Philadelphia, each gave $100,000. The offering is estimated at upwards of of $1,000,000. This offering is unique in the history of the church. It was inaugurated in 1904 by George C. Thomas, treasurer of the mission board. Addresses were made last night by Bishops Greer, Peterkin and Randolph and by Messrs. Pepper and Thomas, of the committee.

A jury has awarded Dr. L. C. H. Ziegler, of Chicago, $100,000 for medical attendance to the wife of the late James McVicker, the wealthy theater manager.

Today's Telegraphic News.

New York Day at the Exposition.

Jamestown Exposition, Oct. 10—New York and Virginia joined hands today in honor of Governor Hughes and his party of guests, who are here to participate in the New York Day celebration. Fresh from a brillant banquet in the State building, which lasted until a late hour last night, Governor Hughes and his party were early on the grounds and prior to the commencement of the formal exercises under the guidance of Governor Swanson of Virginia and the exposition authorities inspected the several attractions.

The auditorium has been tastefully decorated in honor of the day. State Senator Dunn, chairman of the New York State committee, presided, and seated beside him was the orator of the day, President Jacob G. Schurman of Cornell University, Governor Hughes and Swanson and the members of the governor's party and the State commission. The formal programme was:

Address of welcome by St. George Tucker, President of the Exposition Company; address by Gov. Swanson; address by Gov. Hughes; address by President Schurman.

A public reception was then tendered the New York party, after which they were guests of the Exposition Company as luncheon.

This afternoon at 4:30 all of the troops on the grounds will parade and be reviewed by Governors Hughes and Swanson. Tonight the New York party will hold a public reception in the State building.

Tomorrow night Governor Swanson will entertain in honor of Governor Hughes and the New York party will return home on Saturday.

Serious Conditions in Hungary.

Budapesth, Oct. 10—With business at a complete standstill, all shops closed and fully one million workmen engaged in demonstrations in more than 150 cities, the opening Hungarian Parliament today had the significance of the general demand for universal suffrage brought home to it in a manner it will hardly dare to ignore.

For 24 hours the paralysis of business will continue. This great "passive resistance strike" was offered to impress Parliament, and leaders in the suffrage believe it will succeed. So complete is the tie-up that it was necessary to requisition soldiers to operate the gas and waterworks. No attempt has been made to run trains. Even newspapers have been compelled to suspend.

Fearing disorders, soldiers are under arms in all cities, though kept in the back ground to avoid inciting violence.

Budapesth was the scene of the greatest demonstration. Fully 100,000 laborers met at 9 o'clock in Tisza Square, and marched through the principal streets to the State Park, where socialistic orators made speeches. An attempt was made to march to Parliament Hall, but the police prevented this.

The demonstrators contended themselves with marching to the home of the President of the Lower House, where a petition for universal suffage was presented. He promised to introduce a bill for this.

Today's demonstration will probably amount to a peaceful revolution which will modernize Hungary, destroying the power of the nobles.

The deliberations finally ended tonight without disturbance.

Wedding.

London, Oct. 10.—Hailed as the most fashionable social event of the season, the marriage of Miss Anne Bresse of New York, daughter of Mr. and Mrs. Harry Higgins, to Lord Alistair Innes-Ker was solemnized today at St. George's church. Through the wedding a triple union of American girls in the British peerage is affected. Today's bridegroom is the eldest brother and heir presumptive to the Duke of Roxburgh, who married Miss Goelet, while the bride's sister, formerly Miss Flossie Beese, is the wife of Lord Willougby de Eresby, eldest son of the Marquis of Ancaster.

The ceremony was performed by Dean Edgar Sheppard, of the chapel, and Rev. David Anderson, rector of St. George's. Bridesmaids were Miss Jean Reid, daughter of the American Amaassador; Miss Nellie Post, daughter of Lady Barrymore; Miss Brenda Wodehouse and Lady Innes-Ker, sister of the groom. Other girl attendants were Miss Millicent Orr-Ewing; Lady Joan Capel and Miss Angela Villiers. Lord Robert Innes-Ker, brother of the groom was best man. The bride was given away by her step-father.

The church was beautifully decorated with white flowers and green plants and the service was fully choral. The nave was lined with non-commissioned officers of the Horse Guards, of which the groom is lieutenant.

Following the ceremony a large reception was given at the home of the bride's parents in Berkely street.

The Bryan-Kern Conference.

Indianapolis, Ind., Oct. 10.—Before Thanksgiving Day William Jennings Bryan will give the democrats to understand just what his attitude toward the presidential nomination is. In a room at the Grand Hotel, Bryan and John W. Kern, the latter several times democratic candidate for Governor, counseled until four o'clock this morning on what Bryan ought to do about the presidential nomination. Bryan was told that Taggart will not try for a place as national committeeman, much less as national chairman. Whereupon Bryan said Kern should go after the job. There is reason to believe that Bryan asked Kern his advice as to pulling for the nomination and Kern advised him to await developments. The upshot of the meeting was that Bryan told Kern that he will decide upon and announce his course before Thanksgiving Day. Bryan took a four o'clock train for Cincinnati and from there goes to Richmond, Va.,

Steamer on Fire at Sea.

New York, Oct. 10.—Their ship on fire in mid-ocean, the shrieks of frightened women and children rising and falling above a gale that at times seemed about to send the frail craft to the bottom, the passengers and crew of the Austrian steamer Giulia had an experience last Thursday which they are not likely soon to forget. For eleven hours the vessel was in the gravest danger, and it was only by most superhuman efforts that the blaze was gotten under control and finally extinguished. The Giulia left Trieste September 14 with 27 cabin passengers and 736 steerage. Before daylight Thursday the first officer smelt smoke. He notified Captain Cherubim and it was soon discovered that there was a fire in Number 2 hold. At the time the steamer was being tossed and tumbled by mountainous waves, driven by a forty-knot wind which raked the vessel fore and aft. Women and children moved about hysterical. The fire-fighting force rigged up a derrick and threw the blazing cargo overboard. Lines of hose were attached and the hold flooded. As soon as the flames were gotten a trifle under control hatches were battened down and steam from the boilers turned in. By this means the fire was finally extinguished. In explaining the fire, Captain Cherubim stated it caught probably from spontaneous combusion in the bottom of the hold.

Plot Frustrated.

New York, Oct. 10.—Alone with an aged watchman in the twenty-story Century building, filled with brokers', bankers' and financiers' offices, two cracksmen were defeated early today in an attempt at what might have proved the monumental haul of modern criminal history. Only the caution of the building's guardian, 60-year old Richard F. Grey, in leaving his keys behind when he began his rounds prevented the success of a plot.

Grey was suprised on the nineteenth floor, far from help and felled with an iron bar. Convinced by searching their half-conscious victim that he had no keys with him, the men beat him to the point of death and fled by means of an elevator. In his weakened condition it took the injured watchman nearly an hour to decend the eighteen flights of stairs and notify the police.

Terrible Railroad Accident.

Vienna, Oct. 10.—An express from Semlin collided with a freight near Budapesth today. Ten persons are reported killed and thirty hurt, many of them seriously.

The collision occurred on a high embandkment, and the force with which the trains met threw both down into a deep ditch. Fire broke out in the passenger coaches and this was responsible for several of the deaths. Pinned down by wreckage, the victims were roasted to death. Several persons were dragged from the debris by rescuers just in time to escape a similar fate. Relief trains are now on their way to the scene.

German and Chinese Loans.

Berlin, Oct. 10.—The German government is pinched for funds, according to rumors in financial circles here, and is planning to float a new loan next April. In the meantime money is being raised for pressing needs by treasury bills. The various credits already authorized but not realized amount to $35,500,000.

Tokio, Oct. 10.—A telegram from Manchuria says the Viceroy has obtained imperial consent to float a $25,000,000 loan from Americans. The money is to be used on public works.

The Lusitania's Run.

New York, Oct. 10.—Further wireless advices from the Lusitania are eagerly awaited at the Cunard offices here, where the big liner is now expected to reach Sandy Hook by 10 or 11 o'clock tonight. The company calculates that the vessel's speed has averaged 24. 78 knots hourly, but 25 knots have been made on several parts of the course, and it is expected the ship will make its last day's run at that rate. It seems no doubt that the Lusitania will easily capture the English mail subsidy, worth millions to the Cunard company.

Sixteen Men Drowned.

Copenhagen, Denmark, Oct. 10.—The Fridtjok, Walter Wellman's boat used by him on his preparations for his proposed balloon trip to the North Pole, has been wrecked and practically all her crew drowned, according to a dispatch from the Island of Seydisfjord today. According to this dispatch, the accident happened October 5. The captain and fifteen men were lost with the boat. Only one man was saved.

HAPPY RESULTS OBTAINED.

By the Use of the New Scalp Antiseptic.

It wouldn't take long to number the hairs in the head of some people, the reason being they haven't many to number. In most instances, however, the fault is their own. A germ at the root soon plays havoc with the most luxuriant growth and causes it to fade and fall out. A remedy for this has recently been discovered, called Newbro's Herpicide, that acts by destroying the germ that does the damage, besides removing all impurities from the scalp. In addition it permits new life and vigor to enter the scalp, and happy results are sure to be obtained from its use. Try it. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50 and $1.00. E. S. Leadbeater & Sons, Special Agents. 63

WOODWARD & LOTHROP.

MARYLAND CANDIDATES.

Midnight last night marked the expiration of the time limit set by the democratic State committee at Baltimore for filling with that committee declarations of intention to be candidates in the primary on November 5 for long and short terms in the United States Senate. When the list closed it contained the names of the following candidates for the long term: Gov. Edwin Warfield, Former Governor John Walter Smith, Congressman J. Fred C. Talbott, Former Congressman Joshua W. Miles, Former Attorney General John P. Poe, General Joseph B. Seth, of Talbot county, president of the state Senate.

For the short term ending March 4, 1909, William Pinkney Whyte.

Former U. S. Senator Clark, of Montana, who returned from Europe today, declared that there is a decided lack of confidence abroad in the worth of American securities and he gave this as the reason for the recent weakness of the stock market. He also expressed the belief that Roosevelt will be nominated for the presidency by the republicans and Bryan by the democrats.

DR. BLACKFORD'S CONDITION.

Dr. L. M. Blackford, principal of the Episcopal High School, near this city, who was knocked down by an automobile in Richmond yesterday and painfully hurt, is rapidly improving. A letter received at this office from Richmond today says Dr. Blackford is getting along remarkably well for the shock he sustained and his condition is not considered as serious as at first reported and we trust that he will now make steady progress towards recovery. He is quite bright this evening, considering everything, and talking to the nurse. Mrs. Blackford arrived in Richmond from the High School yesterday evening.

The automobile which struck Dr. Blackford was owned and occupied by Mr. Robert C. Pruyn, of Albany, N. Y., one of the lay members of the convention. From the accounts of eyewitnesses no blame whatever was attached to Mr. Pruyn or his chauffeur, J. H. Foster, who was operating the car. Foster was arrested and taken to police headquarters, where he was bailed for his future appearance.

When it was announced by the president of the House of Deputies that Dr. Blackford, a member of that body had been seriously, if not fatally, injured in front of the church in which the body was sitting, the president asked that the house discontinue business and pray for the speedy recovery of Dr. Blackford. Prayer was said.

CONTEST COST $1,300.

According to the statements filed by candidates with the Secretary of the Commonwealth, the total expense of contesting for the democratic nomination for the State Senate at the primary held in this district, September, 10 was nearly $1,300. R. Ewell Thornton, of Fairfax county, who received the nomination, places the cost of his candidacy at $352.98. Alexander J. Wedderburn, also of Fairfax, who was defeated, figures that he spent $274.25 in his effort to secure the nomination, and as stated yesterday Senator Lewis M. Machen, of this city, who was defeated for re-election, estimates his expenses at $652.04.

NIGHT SCHOOL.

At the meeting of the City Council on Tuesday night a small appropriation was made in aid of establishing a night school in this city for boys and the committees on finance and schools will meet at the Auditor's office tonight to make arrangements for opening the school. It is proposed to pay a suitable teacher a small sum to induce him to open such a school, the scholars to pay a small tuition fee. Applications for the position will be received by the committees.

MEN'S MEETING.

A meeting for men will be held in the lecture room of the M. E. Church South next Sunday afternoon from 3:30 to 4:30 o'clock. An address will be delivered by Rev. Edgar Carpenter, subject: "A Specimen of Nobleness." There will be a solo by Miss Margaretha Vierkorn. The following will also participate: H. K. Field, chorister; A. L. Jameson, violin; C. J. Howell, violin; C. W. Fleet, cornet; Frederick Hill, clarionet; Tebe Creighton, piano.

MR. BRYAN'S LECTURE.

There is an impression that the proceeds which will be derived from Mr. W. J. Bryan's lecture in this city next month will be devoted to the building fund of the George R. Hill Memorial Hall. This is erroneous, it having been expressly stated in the Gazette yesterday that the proceeds would aid in the work which is to be conducted in the building.

W. C. T. U.

The regular monthly board meeting of the Allison W. C. T. U. will be held tomorrow afternoon at 3 o'clock at the Children's Home on Duke street; the business meeting of the union will be held after the board meeting. The regular weekly prayer meeting will be held tomorrow night at 7:45 o'clock at the Children Home on Duke street.

FORFEITED HER COLLATERAL.

Elsie Brown left $50 collateral at the station house yesterday for her appearance before the Police Court this morning to answer to the charge of selling liquor without a license. The offense was alleged to have been committed some time ago, but the woman left the city before the warrant could be executed. She has recently returned.

GOLF CLUB TEA.

Mrs. C. William Wattles and Miss Ellen Herbert will serve tea at the golf club tomorrow afternoon from 3 to 5:30. They will be assisted in receiving by Mrs. John Downes, jr., and by Mrs. James D. Gatewood, of Washington, who was such and active and enthusiastic member of the club during her residence in this city.

FINED FIVE DOLLARS.

Alice Page, colored, who in by-gone years was often arraigned before the Police Court charged with misdeameanor, was again at the bar this morning charged with abusive language and disorderly conduct on the street and at the station house. She was fined $5. The woman has recently been discharged from the Petersburg Asylum.

BOVINE PRISONERS ESCAPE.

Officers Nicholson and [illegible]ington last night took in custody [illegible] which they found straying through [illegible]ets. The animals were placed in the pen adjoining the station house, but they made their escape during last night. The names of the owners of the cows have not yet been ascertained.

DEATH OF MISS GOBEL.

Miss Emma Rebecca Gobel, daughter of Mrs. Virginia and the late Charles Gobel, died at the Alexandria Hospital yesterday evening. The deceased was a native of Baltimore, but she had lived in Alexandria the greater part of her life. Miss Gobel was 51 years old.

There was another heavy frost this morning.

PERSONAL

Mr. Charles R. Hooff, who was recently brought from Atlantic City to the Alexandria Hospital, is rapidly improving and is now able to see his friends.

Miss S. O. Hantzmon, of Alexandria, who has been visiting in the home of Mrs. O. M. Wood in Charlottesville, has returned to her home in this city.

Mrs. Eleanor Washington Howard, of Alexandria, who is here to attend to her duties as secretary and treasurer of the Virginia Branch of the Woman's Auxiliary, is one of the best informed and most helpful and courteous to all needing and asking information.—[Richmond Times-Dispatch.

R. H. Atkinson, jr., formerly of Alexandria, but who has been with the Southern Pacific Railroad at San Francisco, Cal., for the past twelve months, in a letter to his old home writes of the pleasant trip he has had during his vacation this summer. He visited Los Angeles, Mt. Lowe, Santa Monica, San Diego, Coronado Beach and the main points of interest in southern California. All his friends here wish him success in his new home.

Capt. Herbert Bryant has issued invitations to the marriage of his daughter, Miss Ruth Bryant, to Lieut. Wilson Brown, jr., U. S. N., which is to take place on Wednesday, October 30, at noon, at the family residence on Washington street.

Mr. Dennis Kennedy now of Altoona, Pa., is in this city on a short visit to his former home.

Mr. J. B. Waller and his niece, Miss Katherine Waller, have returned from a visit to Williamsburg and the Jamestown Exposition.

Mr. J. Herbert McCuen, having passed the civil service examination, has been appointed to a position at the Norfolk navy yard.

Miss Amelia S. Evans, of Kernstown, Va., who has been attending the meeting of the Woman's Foreign Missionary Society in Baltimore, is the guest of Rev. C. D. Bulla in this city.

Miss Bessie Jones is the guest of her aunt, Mrs. Butler, in Roanoke.

The Fort Nelson Chapter of Portsmouth will entertain the following guests from Alexandria: Mrs. W. A. Smoot, will be entertained by Mrs. Charles R. Nash; Miss Caroline Wise, of Alexandria, will also be the guest of Mrs. Nash.—[Norfolk Ledger.

Mr. Charles Power and bride have returned from their wedding trip.

Chief Pettey is attending the meeting of fire chiefs being held in Washington.

OPERA HOUSE TONIGHT.

Mr. Jules Walters presents tonight the great London success, "The Shoplifter," a sensational, highly dramatic melodrama. After a two years' run at the Empire Theatre, London, England, the American rights were purchased by Mr. Walters and rearranged by Louise Llewellyn. Mr. Walters carries all the scenic and electrical effects which were in the original London company; also has four members of the original company. "The Shoplifter" deals with a woman who, from her earliest infancy, was brought up among thieves and gamblers. In later years she discovers the errors of her ways and tries to reform. Miss Louis Llewellyn, who plays the title role, makes a very stunning appearance as Rose, the shoplifter. The great shoplifting scene in the second act is an exact copy of the jewelry store of Casperfield and Cleveland, on the Bowery, New York. The advance sale of tickets is very large for this production and Manager Underwood predicts the largest house of the season.

POLICE COURT.

[Justice L. H. Thompson presiding.]

The following cases were disposed of this morning:

Elsie Brown, charged with selling liquor without a license, forfeited $50 collateral by failing to appear.

Alice Page, colored, charged with drunken and disorderly conduct and with abusive language toward an officer, was fined $5.

Eliza Mully, charged with disorderly conduct, was fined $2.50. Nick Mully, charged with a similar offense, was dismissed.

A young man, charged with drunken and disorderly conduct, was fined $2.50.

LUNCH ROOMS.

The Graney quick lunch room was opened today on the east side of Royal street, near Prince, and another enterprise on the same order will be opened at No. 318 King street on next Saturday. These places will be conducted by experienced persons, and they will meet a long-felt want in this community. While such resorts will receive a liberal patronage from Alexandrians, they will be appreciated by an increasing floating population composed of strangers who visit the city daily to inspect the difference places of historic interest.

THE LIBRARY.

On account of a death in the building the Alexandria Library will not be open tonight and the opening hours tomorrow, Friday, will be from 4 to 6 o'clock instead of the regular hours.

Trial Catarrh treatments are being mailed out free, on request, by Dr. Shoop, Racine, Wis. These tests are proving to the people—without a penny's cost—the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. Sold by E. S. Leadbeater & Sons.

SHOT HIS FRIEND.

While trying to have some fun at the expense of his neighbor and friend, Harry Butler, a resident of the village of Tomstown, not far from Pen-Mar, Pa., was shot by Walter Rock with a double-barreled shotgun loaded with buckshot, and will probably die.

Butler's wife was spending the evening at the Rock home, and when Butler called for her he thought he would have some fun. Instead of making his presence known in the usual way, he is said to have done various things to cause the occupants to believe that some persons was trying to break into the house.

When Mrs. Rock, who was in the parlor with Mrs. Butler, called and received no response from the outside, she summoned her husband and informed him that someone was trying to get into the house. Grabbing up his gun, Rock went to the window, and, as the peculiar noise on the outside continued, he fired.

One of the large shot struck Butler in the head, another entered the body through the shoulder and a third passed through the upper arm into the lungs. Butler was taken to the hospital at Chambersburg, where he lies in a critical condition.

Rock, the man who did the shooting, gave himself up. He says he and Butler have always been the best of friends and that he deeply regrets the shooting. Butler is 25 years old.

A Certain Cure for Croup—Used for Ten Years without a Failure.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much fear the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequaled for croup and whooping cough. For sale by Gibson & Timberman and W. F. Creighton & Co.

Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time the ncountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by all drug stores. 50c and $1.00. Trial bottle free.

SENT INFERNAL MACHINES.

Gov. Henry A. Buchtel, David H. Moffat, president of the First National Bank of Denver, Colo., and Charles B. Kountze, president of the Colorado National Bank, received through the mails yesterday infernal machines containing sufficient dynamite to have caused great destruction of lives and property had they exploded, but warning had been given to the recipients of the machines by Chief of Police Delaney, who had obtained a confession from Kemp V. Bigelow, by whom they were mailed, and no one was hurt.

Bigelow confessed also that he had sent infernal machines to Lawerence C. Phipps and Edward Chase, but these were not delivered yesterday.

Bigelow gave no satisfactory explanation of his motive for sending the machines and seemed to have no other purpose than to cause a sensation. Bigelow is twenty-one years old.

A search of the Chase premises disclosed a package containing fifty-one sticks of dynamite. Bigelow's story was regarded with suspicion, and he was arrested Monday night. Yesterday he confessed that he had placed the dynamite near Mr. Chase's house, and that he had sent several infernal machines by mail. Had this confession not been obtained in time to give warning to the men to whom machines were sent, those who opened the boxes would undoubtedly have been killed.
